## **Tour Description**

Arrive at John Hardy Jewellery factory for a 30 minutes introductory session of the jewellery making process continued with the possibility of visiting the boutique for their latest collection.

The entire compound has been constructed such that the land can be returned to rice fields in three months, with the buildings made of low-impact local natural materials such as bamboo, adobe and thatch. Being a combination of exological conservation and unique architecture ti has its own special flair. Next visit is Ubud Monkey Forest where you have the chance to feed and get up close to the ravenous monkeys.

Depart to Chedi Club at Tanah Gajah, hidden among the lush undulating hills of Bali's culture-rich highlands for a la carte lunch. Just-picked herbs and vegetables from the surrounding organic gardens go into the Asian and Western cuisine of The Restaurant's Executive Chef Khairudin 'Dean' Nor as well as local dishes such as nasi campur and ayam sambal tomat, made authentic by 'Mama Bali', Ibu Ni Nyoman Adriani, who prepares local 'bumbu' spices daily.

After lunch visit the Elephant Cave or 'Goa Gajah'. The entrance to the cave has been ornately carved into the stone and dates back to around the 11th century.

Times are approximate and are subject to change depending on local traffic conditions, etc. The order of sites may vary.
